# MARINE POLLUTION BULLETIN

The *Marine Pollution Bulletin* sets out to cover all aspects of the fight for life of the lakes, estuaries, seas and oceans. It includes news, comment, reviews and research reports not only on the threat of noxious substances to marine life but also on the management and productivity to the marine environment in general. It publishes accounts of new and proposed research programmes as well as the results of those in progress.

Published monthly

### US Copyright Law Applicable to Users in the USA

The Article Fee Code on the first page of an article in this journal indicates the copyright owner's consent that, in the USA, copies may be made for personal or internal use provided the stated fee for copying, beyond that permitted by Section 107 or 108 of the United States Copyright Law, is paid. The appropriate remittance should be forwarded with a copy of the first page of the article to the Copyright Clearance Center Inc., PO Box 765, Schenectady, NY 12301. If a code does not appear copies of the article may be made without charge, provided permission is obtained from the publisher. The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works or for resale. Specific written permission must be obtained from the publisher for such copying. In case of doubt please contact your nearest Pergamon office.

- 1 Submission of papers:** Manuscripts to be in the English language with an (a) Main title (10 words desired max. length). (b) Author's name and author's affiliation including present address as a footnote. (c) Bold Summary - must be on first page containing less than 150 words.  
Due to economic pressure it is regretted that foreign language papers cannot be accepted.
- 2 Forms of contributions:** Contributions should include (a) 2 copies to be submitted on good quality white paper or high quality xerographic copies thereof; the manuscript to be typed with double spacing throughout with adequate margins (4 cm). (b) Good quality original figures. All Greek letters and unusual symbols to be clearly identified by name in the margin. *Acknowledgements* (when appropriate), and *References* (see item 6 below).  
Maximum length: Papers - 2500 words in double spaced typed pages.
- 3 Style of contribution:** All tables and figures to be numbered with Arabic numerals. In the text the word "figure" to be typed as "Fig." except at the beginning of a new paragraph. Avoid hyphenation at the end of a line. *Spelling of text to be in English.* Weights and measurements should be expressed in metric units according to the *Système Internationale*. All non-standard abbreviations or symbols to be defined when first mentioned.
- 4 Tables:** Tables for publication in the Journal should be submitted along with the figures and descriptive captions and footnotes should accompany those for the figures typed on a separate sheet. A very clear top copy of the tables should be submitted and large or long tables should be typed on continuing sheets. Each table to be identified on the upper right hand corner. Computer print-out tabular material will be directly reproduced from the original.
- 5 Figures:** All photographs, schemes and diagrams are to be referred to as figures and should be numbered consecutively and *not* included in the typescript. On the back of the figure the author should write his name, the figure or plate number and an indication of the orientation of the figure. Figures should be of a quality suitable for direct reproduction and not to be larger than 8 1/2 x 11 in. (22 x 28 cm). Half tone illustrations to show magnification factor. Descriptive captions to be typed on a separate sheet. Colour illustrations will only be accepted if the authors agree to bear the cost of publication. A detailed quote for colour reproduction to be provided prior to publication by the publisher, and the authors informed accordingly.
- 6 References:** References should be listed at the end of the manuscript in order on a separate sheet and should indicate the inclusive pages and article title. All authors' names are to be given. References should comply with the abbreviated title of the journal in *World List*, with bold volume numbers to be indicated by a wavy line. References in the text to be in parentheses. Examples:  
*Journal:* Swedmark, M., Granmo, A. & Kollberg, S. (1973) Effects of oil dispersants and oil emulsions on marine animals. *Water Res.*, **7**, 1649-1672.  
*Book:* Trefry, J. H., Sims, R. R. Jr. & Presley, B. J. (1975) In *Shell Dredging and its Influence on The Gulf Coast Environment*, A. A. Bouma (ed.). Houston, Texas: Gulf.
- 7 Proofs:** Unless otherwise specified, galley proofs will be sent to the first-named author for correction. Excessive alterations should be avoided. *Proofs should be returned within 24 hours of receipt.*
- 8 Reprints:** Reprints can be purchased at a reasonable cost, when proofs are returned, on a reprint order form which accompanies galley proofs. It would be appreciated if authors notify the publisher promptly of any change of address occurring whilst their article is in the process of publication.
- 9 Content:** Responsibility for the contents of the paper rests upon the authors, and not upon the editors, or the publisher. Therefore, it is important that the contents of the manuscript be carefully considered by the author. The author must agree not to publish the same manuscript in another journal without obtaining the consent of the editor of this journal.

## Contents

### EDITORIAL

- Birthday Reflections *by R.B. Clark* ..... 341

### NEWS

- Monitoring Chemical Residues in Fish and Shellfish ..... 342
- Dumping Wastes at Sea • Oil Refinery Discharges ..... 344
- Lead in Food • Pesticide Pollution • Action Call from Biologists • Tanker Owners  
Praised but Asked to do Better ..... 345
- Cadmium Recovery • Radiation Hazards • Training Course in Estuarine Biology ... 346
- Round-the-World News:** Hong Kong • United Kingdom • Mediterranean •  
England • United States of America ..... 346
- Netherlands ..... 347

### REPORTS

- Cold Shock: Effect of Rate of Thermal Decrease on Atlantic Menhaden  
*by Dennis T. Burton, Philip R. Abell and Thomas P. Capizzi* ..... 347
- Lead in the Bolsa Wetland of Southern California, USA: Effect of Flood Control  
Channelization *by Raymond Z. Riznyk and Gail A. Mason* ..... 349
- Munitions in British Coastal Waters *by Trevor R. Dixon and T.J. Dixon* ..... 352
- Total Mercury Content in Some Marine Fish from the Indian Ocean  
*by Tariq W. Kureishy, M.D. George and R. Sen Gupta* ..... 357
- Organochlorines and Metals in Harbour Seals (Dutch Wadden Sea)  
*by J.C. Duinker, M.Th.J. Hillebrand and R.F. Nolting* ..... 360

### LETTER

- Marine Nature Reserves *by H.A. Cole* ..... 364

### BOOKS

- Sublethal Impacts ..... 366
- Water Quality ..... 367
